

RealEZCars.COM

Good Cars for People with Bad Credit

What makes us unique?

- ❖ **Financing** – done right at the dealership. Credit scores simply don't matter. Ultimately, we want to help you repair your credit and will report your account to all three credit agencies in an effort to raise your credit score.

We don't require large down payments either!

- ❖ **Service** – all of our vehicles go through a 120-point service inspection in one of our ten service bays on premise at the dealership. Our vehicles also come with a 24 month or 24,000 mile warranty

- ❖ **Car Inventory** – we sell high quality, low mileage vehicles and purposefully stay away from upper end, luxury vehicles. Why? To put you in a high quality car that you can afford and pay for while we are helping to repair your credit while servicing your car.

\$150 Opportunity for You!

For 30 years our business has been marketed by "word of mouth." We choose NOT to spend a lot of money on traditional advertising. This enables us to pay \$150 loan origination fee for each lead that you pass on that results in the delivery of a vehicle
